Training Programme on

### *Ind AS for Finance Executives*

DATE: 23-24 Sept, 2019

PLACE: New Delhi

#### Background

The Ministry of Corporate Affairs (MCA) notified 39 Indian Accounting Standards (Ind AS) converged with the International Financial Reporting Standards (IFRS) on 16 February 2015. Ind AS will be applied based on the listing status and net worth of a company. The first phase includes listed and unlisted companies with a net worth equal to or exceeding 500 crore INR (including the holding, subsidiary, joint venture and associate of such companies). The second phase includes all listed companies or is in process of being listed with a net worth equal to or exceeding 250 crore INR but less than 500 crore INR. The Third phase includes all banks, NBFCs and Insurance companies with a net worth equal to or more than 500 crore INR. The fourth phase includes all the NBFCs with a net worth equal to or more than 250 crore but less than 500 crore INR.

The Ind AS are basically standards that have been harmonised with the IFRS to make reporting by Indian companies more globally accessible. Since Indian companies have a far wider global reach now as compared to earlier, the need to converge reporting standards with international standards was felt, which has led to the introduction of Ind AS.
