

COURSE ANNOUNCEMENTS

**HUDCO's HUMAN SETTLEMENT
MANAGEMENT INSTITUTE**

**Workshop
On
Team Building, Creativity
And
Problem Solving**

DATE: 09-11 Oct, 2019

PLACE: New Delhi

ABOUT THE COURSE

When individuals with similar interest, attitude, and taste come together to work for a common objective, a team is formed. Every individual contributes equally and performs his level best to meet the team targets and achieve the organization's goal. Team members strive hard to live up to the expectations of others and successfully accomplish the assigned task. Creative thinking provides new solutions to old problems. This workshop develops creative abilities, boosts thinking skills and individual expression.

Team building refers to the various activities undertaken to motivate the team members and increase the overall performance of the team. You just can't expect your team to perform on their own. A motivating factor is a must. Team Building activities consist of various tasks undertaken to groom a team member, motivate him and make him perform his best.

We all are human beings and love appreciation. Any individual performing exceptionally well must be appreciated well in public. He feels happy and motivated to perform even better the next time. If any team member has come out with a unique idea; treat him with any thing that makes him happy. Never criticize any team member or demotivate him if he has failed to perform. Ask him to "Buck up".

PARTICIPATION

This workshop is designed to cater for anyone who needs to think more creatively in their organisation, or needs to get others to think more creatively. We are also able to tailor the content if we are working with a group of people managers, customer facing staff or any staff who are needing to radically redesign the way they work or go to market. The workshop is very well constructed, in a logical sequence and the content encompasses all the latest ideas and research. Ultimately a fantastic workshop to either deliver or participate in.
